## STRATEGIES FOR PRIVACY AND ASSET PROTECTION

Learn how to acquire these advantages:

- Protect yourself from stalkers.
- Reduce attacks by agencies, attorneys, insurance companies, alienated partners, ex-spouses, greedy relatives, and government agencies.
- Protect your assets from liability, judgments and lawsuits.
- Prevent telemarketers and solicitors from contact.
- Allow transition of assets to mature beneficiaries.
- Reduce or eliminate attacks on beneficiaries and control.
- Avoid conservators, administrators, and the probate process.
- Create safety from family disputes, divorces, or future legal attacks.
- Enjoy private control, private bank accounts, private car registration, private business ownership, private investments, private real estate ownership, private collections, private financing, private LLC, private transfers of assets, private modifications, private beneficiaries, private registration, and private distributions.
